## Part II: Semantic Analysis of "Invest"

### **Data Collection**

To collect all of the occurrences of "invest" along with their subcategorization frame I used the follow tregex query on the supplied subset of the Penn Tree Bank:

The query returned 150 matches in 149 trees.

### **Analysis**

A summary of the data is shown in the next section.

#### **Data Tabulation**

The table below displays the number of times a unique subcategorization frame exists in the Penn Tree Bank.

Table 1: Subcategory counts
